WORK EXPERIENCE

MERN Stack Developer Intern

Daya Consultancy Services (OPC) Pvt. Ltd.

Feb 2023 – Ongoing

Bhubaneswar, Odisha

- Spearheaded the advancement of the **E-Learning platform** to **Version 2**, tailoring advanced features to meet diverse user needs, streamline admin access, and enhance dynamic content handling.
- Project Version 2 has been designed to be **80%** more powerful than its predecessor, accommodating over **100,000** users, and enabling seamless content sharing with multiple vendors.

Backend Developer Intern

Daya Consultancy Services (OPC) Pvt. Ltd.

Oct 2023 – Jan 2024

Bhubaneswar, Odisha

- Technical Proficiency:** Acquired proficiency in JavaScript, Node.js, Express.js, and MongoDB, and worked on many small supporting libraries through an intensive training program.
- Project Development:** Spearheaded the development of two small-scale projects: an **E-Learning platform** utilized by over **5000** users and an **Employee Management System** for efficiently managing various office tasks. Managed the entire project lifecycle, from conceptualization to achieving **100%** completion, demonstrating adaptability and effective problem-solving skills.

PROJECTS

Chit-Chaat App

- A MERN Stack project for a real-time chatting application designed to facilitate seamless communication between users.
- Features include user management, authentication, real-time messaging, group messaging, support for various message types (text, image, video, document, GIF), and message editing and deletion options.
- Tech Stack:** Node.js, Express.js, MongoDB, React, Passport JWT, Google OAuth, Socket.IO.

Placement Cell

- An interface for managing students and interviews in a placement cell.
- Features include student management, interview scheduling and tracking, report generation, and job search functionality.
- Tech Stack:** Node.js, Express.js, MongoDB, EJS, Passport.js, Bootstrap.
